RESEARCH INTERESTS

Game Theory, Social Dilemma, Evolutionary Dynamics, Social Network Analysis, Big data Analysis

EDUCATION

HANYANG UNIVERSITY, Ph.D. Candidate in Applied Physics	Mar. 2013 - present
Advisor: Dr. Seung-Woo Son	
HANYANG UNIVERSITY, B.S. in Applied Physics	Mar. 2006 - Feb. 2013
Bachelor of Business Administration (double majors)	
Korean military service (Jan. 2008 - Dec. 2009)	

EXPERIENCE

Student Researcher, KISTI , KOREA	Mar. 2018-present
Research Assistant, HANYANG UNIVERSITY , KOREA	Mar. 2015-present
Teaching Assistant, HANYANG UNIVERSITY , KOREA	Mar. 2013-Dec. 2014

HONERS & AWARDS

Best award, 2017 fall conference of Korea Academy of Complexity Studies (Seoul, Korea)	<u>Nov. 2017</u>
Best award, The 8th KIAS CAC Summer School (Seoul, Korea)	<u>Jul. 2017</u>
Competition Award, 4 th Bigcontest (Seoul, Korea)	<u>Oct. 2016</u>
Best award, 2016 NIMS-SKKU Big data Summer School (Jeju, Korea)	<u>Jul. 2016</u>
Best poster award, The 2015 KPS spring conference (Daejeon, Korea)	<u>Apr. 2015</u>
Scholarly award, College of Science and Technology, Hanyang University	<u>Dec. 2013</u>
Best poster award, The 2013 KPS autumn conference (Changwon, Korea)	<u>Nov. 2013</u>
Best poster award, The 2013 KPS spring conference (Daejeon, Korea)	<u>Apr. 2013</u>

SPECIALITY & SKILLS

- C and C++ programming language for numerical simulations of statistical physics problems and data pre-processing
- Python programming language for data analysis and visualization
- Scraping (crawling) for data collecting with python
- Gephi / D3.js for network visualization
- Master of presentation programs such as Powerpoint and Prezi
- Management of Linux system and Windows applications
- Good at using Photoshop and other image processing programs
- Amateur boxer, music performer (playing guitar and djembe, singing :)
